

Hygiene and safety rules for visitors of the production site

Status: January 2010

Dear visitor,

As we supply the food industry with our products, we must satisfy the most demanding hygiene standards. The hygiene system of Offsetdruckerei Schwarzach has been awarded the BRC / IoP certificate. This standard defines the guidelines of hygiene for the producers of packagings for food industry.

Therefore, we request you to observe the following hygiene and safety rules during your stay in our production premises.

Hygiene and safety rules in the production premises

- 🕒 Wearing of jewelry and watches is forbidden within the production premises. Do not wear: bracelets and rings, watches, earrings, earclips, brooches, badges or visible pendants. Smooth wedding-rings are allowed.
- 🕒 Wearing of visitor coats and hair net are compulsory in all production departments.
- 🕒 Smoking is generally forbidden in the entire production site except in the specially marked areas.
- 🕒 In case you suffer or have suffered during the last weeks of an infectious disease as for instance an abdominal influenza, you must complete a health-checkform at the reception desk.
- 🕒 In case you wear a visible adhesive tape, this tape has to be replaced by one of our tapes, as otherwise it will be detected by the metal detectors.
- 🕒 You have to acknowledge the present hygiene and safety rules as well as further specific requirements in writing when starting your visit.

We thank you for your cooperation!
